Super cute, single-family/pied a terre in a desirable Ocean Avenue neighborhood. This two-bedroom property has tasteful cosmetic updates featuring a bright, open floor plan, custom kitchen and appliances, a completely remodeled bath. First floor living with a stackable washer / ventless dryer, newer natural gas furnace and low utilities are a big plus! There is also some fantastic, finished space in the attic that allows for storage – or numerous possibilities for additional upstairs living areas. The large, fenced backyard is a hidden gem with plenty of space for gardening, entertaining, relaxing or pets!. It's such a great treat to have a one car garage and off-street parking in Portland. Read street is close to Back Bay, Payson Park, West Falmouth, many hiking and biking trails, dog parks- and of course downtown is booming with activity year-round. Don't miss this wonderful opportunity!
