Remarks

This is a must see spacious brick colonial in a private setting. This Carl Hauser built home has large rooms and quality features. There's a welcoming double door entry which opens to a large foyer. A step-down sitting room is to the left and a large formal dining room, with chair rail and crown moldings is to the right. The foyer leads to the family room and large eat-in kitchen. The family room offers a stone fireplace (propane) and space for gracious entertaining. Adjacent to the family room is a four season room with views across lawn and trees offering a wonderful space for relaxing. Plants thrive in this room. Included are a sink and mini-fridge in this area. There is an adjacent outdoor deck with forever views. Come make this house your home!
